The Old Tire Roundup is under the Coastal Character banner and is working in collaboration with Lincoln County Environmental Health and local law enforcement to help reduce mosquito habitats. Improperly stored and illegally dumped tires can hold water where mosquitoes can incubate and hatch. Residents and groups are encouraged to use this event to clear out old tires and properly dispose of them at only a fraction of the real cost. The buck-a-tire fee is only available during the hours of this special event and is sponsored by the Solid Waste District and local haulers.

Coastal Character is the marquee of the Lincoln County Sustainability Program and is a recognition of the mindful community members (residents, businesses, and visitors alike) who are making a difference (locally, naturally, and sustainably) in Lincoln County and the world around us.
